Few people know how to shop for men's clothes as well as women, but one who does is Ben Sherman. 'Tis the season for gladiators and fans of the original British company - which has also recently relocated to Covent Garden - were given a preview of the company's 2018 collection in the form of a giant mural celebrating 10 years of men's scent business. Following the launch of the new fragrance line, the 'Gladiators' will be featured in adverts for the brand's various products.Q: Navigate controller to another page via segue/modal I'm using Swift 4 and would like to know how to navigate a new view controller in Xcode via a segue or modal view controller.
